- IV. REPORTS OF SUBCOMMITTEES – N I L
- V. GENERAL ITEMS & ENQUIRIES
 - (1) Other?
 - (2) Public Questions and Clarification
- VI. ADJOURNMENT

122/09

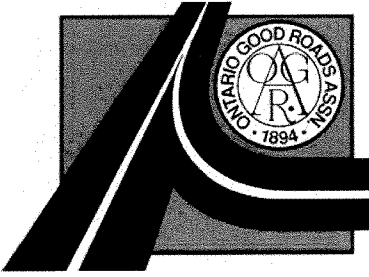

As concerned citizens of the community of Vallentyne we, the undersigned, wish to bring to the attention of the Mayor and the local councilors the need for a posted speed limit of 50km/h within the community boundaries.

As there is currently no posted speed limit, users of the roads in this area (the intersection of Durham Rd 23/Lakeridge Rd. and Brock Concession 7) are free to travel at speeds that greatly endanger the safety of the families in this community.

It is our wish that the Mayor of Brock Township and Town Council would address this deficiency by way of posted speed limit signage as well as the introduction of a Community Safety Zone with increased fines and Police Patrol of these areas in order to address these concerns.

ONTARIO STRUCTURE INSPECTION MANUAL UPDATE APRIL 2008

Plans should, by now, be underway for the 2009 bridge inspection program. As you prepare these plans, recent revisions to the Ontario Structure Inspection Manual (OSIM) need to be considered. In April of 2008 the Ministry of Transportation released revisions to the OSIM manual. The revisions to the document are considered to be minor revisions and were made to:

- Definitions
- Clarification the of biennial inspection and of
- Clarification of definition for a culvert
- Revisions and improvements to material condition ratings were made for -- Alkali-Aggregate Reaction (AAR)
- Corrugated Steel Pipe culverts
- Wood Elements
- Changes to the units of measure for some bridge elements
- Addition of some elements as optional.
- Changes to the way recommended work is recorded for elements and for the overall structure.
- Other minor clarifications.
