Mr. Cliff Curtis, Commissioner
Region of Durham Works Department

Dear Mr. Curtis:

Re: Brock Landfill Haul Route

During the May 11, 2009 meeting of the Brock Township Landfill Public Liaison Committee, the issue of the haul route into the landfill was discussed, and concern expressed that Sideroad 17 would not stand up to increased traffic due to its fibercore construction.

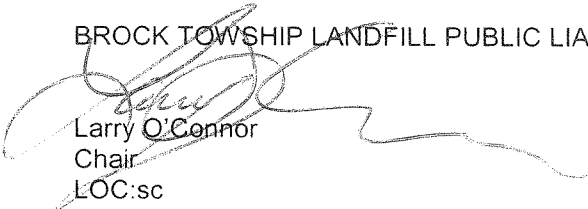

Although the Committee has been advised that Concession 13 will not form part of the proposed haul route to the landfill, a member of the Committee advised that the vast majority of traffic to the landfill, travels across Concession 13.

As the result of the discussion held and the comments made, a resolution was passed by the Committee requesting that Durham Region undertake a traffic study and an assessment of Sideroad 17, based on the haul route proposed.

We look forward to receiving the information being requested.

Yours truly,

BROCK TOWNSHIP LANDFILL PUBLIC LIAISON COMMITTEE

Larry O'Connor
