

EFFECTIVE DATE & INDEXING PROVISIONS

All development charges became applicable on August 10, 2009 and the development charges will be indexed on July 1st of each subsequent year in accordance with the annual change in the Statistics Canada Construction Price Index. This by-law will expire on August 10, 2014.

EXEMPTIONS

A number of exemptions to the payment of charges are legislated under the *Development Charges Act, S.O. 1997*. These include hospitals, government agencies, schools, colleges & universities, places of worship, farm buildings, and certain residential expansions.

In addition, the Township of Brock has chosen to exempt agricultural buildings, and buildings used for temporary purposes of 8 months or less.

COLLECTION POLICY

Applicable development charges shall be payable at the time a building permit is issued unless the charge has been paid prior to the issuance of a building permit as a condition of a rezoning, minor variance, consent, or plan of subdivision.

In addition, the *Development Charges Act, S.O. 1997* provides that development charges are payable in full

despite the fact that a lot levy may have been paid prior to November 7th, 1991 (normally as a condition of a land severance). By resolution, the Township of Brock Council has declared that any lot levies which may have been paid will be credited against the applicable development charge with the difference to be paid by the applicant upon issuance of a building permit.

TREASURER'S STATEMENT

Each year the Township Treasurer shall prepare a statement for each development charge reserve fund established which shall indicate the amount of development charges collected within each service category (hard and soft services), the amounts expended, interest earned, amounts borrowed, and landowner credits for services provided.

The Treasurer's statement shall be provided to the members of Council annually and will be available for inspection by the public upon request.
