<b>Name of Applicant / Agent:</b>	David Watman
<b>Address of Applicant / Agent:</b>	27440 Cedarhurst Beach Rd, Beaverton ON L0K 1A0
<b>Location of Property:</b>	27440 Cedarhurst Beach Rd, Beaverton ON L0K 1A0
<b>Purpose of Application:</b>	To provide relief from Section 10.1d. Lot Coverage and Height that requires an accessory structure in a residential zone to be a maximum of 4m to allow for a height of 6.5m.
<b>Effect of Application:</b>	To allow for the construction of a detached garage.

#### 5a) Presentation of Application A-11/22 WATMAN

- **Does the owner or agent wish to speak to the application?**

David Watman: this is for a garage for an RV, it needs a 14 foot door.

- **Does anyone else wish to speak to the application?**

Peter Prust: No questions. I visited the site and found that the height and style is consistent with other existing structures on the property.

Ralph Maleus: I also visited the site. The garage blends in nicely with the house on the property. I'm not a fan of retroactive approval, but it is better to have retroactive approval than no approval.

Gloria Stewart: I also visited the site. I'm happy with the garage, but it is already erected.

Bill Basztyk: I visited the site and didn't even notice the garage was there, because of how well it blends in with the house. I'm also not a fan of retroactive approvals, but it is better than no approval. Was the building of the garage approved by Conservation?

Richard Ferguson: Yes, the property owner has already received Conservation approval, a permit was issued by Lake Simcoe Region Conservation Authority.

#### 5b) Written Submissions for A-11/22 WATMAN

No comments received.

#### Resolution 3-6

MOVED BY Ralph Maleus and seconded by Bill Basztyk, that Minor Variance Application File No. A-11/22 WATMAN as made by David Watman, be approved. The proposed application is considered minor in nature, within the general intent and purpose of the Official Plan and Zoning By-law, and desirable in the opinion of the Committee.

**CARRIED**

#### 5d) CONFIRMATION OF DECISION for A-11/22 WATMAN

Chair called each member to confirm the decision – all members answered “yes”.

## Application A-14/22 SCHMUCKER

<b>Name of Applicant / Agent:</b>	David Schmucker
<b>Address of Applicant / Agent:</b>	16100 Brock Rd, Sunderland ON L0C 1H0
<b>Location of Property:</b>	16100 Brock Rd, Sunderland ON L0C 1H0
<b>Purpose of Application:</b>	To provide relief from Zoning By-Law 287-78-PL, Section 8, "Plate D", Column D Row 13 that requires a minimum side yard setback of 15m to allow for a setback of 8.8m.
<b>Effect of Application:</b>	To allow for the construction of a new barn.

### 6a) Presentation of Application A-14/22 SCHMUCKER

- **Does the owner or agent wish to speak to the application?**

David Schmucker: We want to build a barn to house chickens. Our chickens are free-range, pasture chickens, but they would be able to go in the barn during the day and be kept in the barn overnight. We want the barn closer to the lot line to better use the space on the property by keeping more useable space to the south of the property. Having the barn closer to the lot line would also keep it in-line with an existing barn on the property, keep it further from our neighbours, and out of their views. It will be a frame structure and house 750 chickens as the maximum at one time.

- **Does anyone else wish to speak to the application?**

Bill Baszyk: I visited the property and spoke with Mr. Schmucker Sr. At the time, I asked why the barn couldn't be further from the lot line, as there is plenty of space. He explained the same things, about keeping the barn in-line and further from the neighbours, and keeping the odour away, too. I am satisfied.

Gloria Stewart: I visited the property, but didn't go through the "chicken area". Everything was explained to me by Mr. Schmucker's mother/mother-in-law. It all seemed okay, I didn't see any problems.

Peter Prust: I attended the site. The situation was explained to me: there is environmental protection to the north, so being closer to the lot line shouldn't have any impact on the future development of that property. It also makes sense to keep the chickens away from the neighbours.

Ralph Maleus: I visited the site. I think it makes sense to have the barn closer to the lot line, it's nicer for the neighbours.

### 6b) Written Submissions for A-14/22 SCHMUCKER
