Independent Auditor's Report

To the Board Members, Members of Council, Inhabitants and Ratepayers of the Corporation of the Township of Brock

We have audited the accompanying consolidated financial statements of the Corporation of the Township of Brock, which comprise the consolidated statement of financial position as at December 31, 2014, and the consolidated statements of operations, change in net financial assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Township of Brock as at December 31, 2014, and the results of its operations, and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The Corporation of the Township of Brock

Notes to the consolidated financial statements

December 31, 2014

1. Significant accounting policies

The consolidated financial statements (the “financial statements”) of the Corporation of Township of Brock (the “Township”) are the representations of management prepared in accordance with accounting standards established by the Public Sector Accounting Board (“PSAB”) of the Chartered Professional Accountants of Canada.

Significant accounting policies adopted by the Township are as follows:

(a) (i) *Reporting entity*

These consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations, local boards and committees, which are controlled by the Township including the Township of Brock Public Library Board.

All material inter-entity transactions and balances are eliminated on consolidation.

(ii) *Accounting for region and school board transactions*

The taxation, other revenues, expenses, assets and liabilities with respect to the operations of the school boards and the Region of Durham are not reflected in these financial statements.

(iii) *Trust funds*

Trust funds and their related operations administered by the Township are not consolidated, but are reported separately on the Trust Funds Statement of financial position and Statement of financial activities and fund balance.

(b) *Basis of accounting*

(i) Non-Tax Revenues and expenses are reported on the accrual basis of accounting. The accrual basis of accounting recognizes revenues in the period in which transactions or events occurred that gave rise to the revenues; expenses are recognized in the period the goods and services are acquired and a liability is incurred or transfers are due.

(ii) *Tax Revenue*

Tax revenue is recognized on all taxable properties within the Township included in the tax roll provided by the Municipal Property Assessment Corporation, using property values included in the tax roll or property values that can be reasonably estimated by the Township as it relates to supplementary or omitted assessments using tax rates authorized by Council for the Township’s own purposes in the period for which the tax is levied.

At year end the Township evaluates the likelihood of having to repay taxes as a result of tax appeals or other changes and recognizes a liability if the amount can be reasonably be estimated.

(iii) *Investments*

Investments are recorded at the lower of cost plus accrued interest and market value.

(iv) *Non-financial assets*

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year, and are not intended for sale in the ordinary course of operations.

The Corporation of the Township of Brock

Notes to the consolidated financial statements

December 31, 2014

1. Significant accounting policies (continued)

(b) Basis of accounting (continued)

(iv) Non-financial assets (continued)

(a) Tangible capital assets

Tangible capital assets are recorded at cost, which includes all amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight-line basis over their estimated useful lives as follows:

	Useful life - years
Land improvements	10 - 30
Buildings	50
Rolling stock	10 - 15
Furniture and equipment	5 - 15
Sidewalks and parking lots	15 - 30
Roads	20 - 40
Storm sewer	75
Bridges and structures	60

One-half of the annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use. Land is not amortized.

Contribution of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date contributed, and that amount is also recorded as revenue.

(b) Intangible assets

Intangible assets are not recognized as assets in the financial statements.

(v) Accounting for property tax capping provisions

The net impact in property taxes as a result of the application of capping provisions does not affect the Consolidated statement of operations, as the full amount of the property taxes were levied. However, the capping adjustments are reported on the Consolidated statement of financial position as a liability to be paid to the Region of Durham.

(vi) Deferred revenue

Deferred revenue represents user charges and fees which have been collected but for which the related services have yet to be performed. These amounts will be recognized as revenues in the fiscal year the services are performed. In addition, any contributions received with external restrictions are deferred until the related expenses are incurred.

(vii) Employee post-employment benefits

The present value of the cost of providing employees with future benefit programs is expensed as employees earn these entitlements through service. The cost of the benefits earned by employees is determined by management using the projected benefit method prorated on service and management's best estimate of retirement ages of employees and expected health care and dental costs.

The Corporation of the Township of Brock

Notes to the consolidated financial statements

1. Significant accounting policies (continued)

(b) Basis of accounting (continued)

(viii) Reserves and Reserve Funds

Certain amounts, as approved by the Township's Council, are set aside in Reserves and Reserve Funds for future operating and capital purposes. Transfers to and/or from Reserves and Reserve Funds are an adjustment to the respective fund when approved. Reserves and Reserve Funds form part of the Township's accumulated surplus.

(ix) Government transfers

Government transfers are recognized as revenues by the Township in the period during which the transfer is authorized and any eligibility criteria are met. Government transfers are deferred if they are restricted through stipulations that require specific actions be carried out in order to keep the transfer. For such transfers, revenue is recognized when the stipulation has been met.

(x) Use of estimates

The preparation of financial statements in conformity with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the period. Actual results could differ from these estimates. Significant estimates relate to taxes receivable, accounts receivable, accrued liabilities, and employee post employment benefits.

The Corporation of the Township of Brock

Notes to the consolidated financial statements

December 31, 2014

8. Employee post-employment benefits (continued)

The main assumptions employed for these valuations are as follows:

(a) *General inflation*

Future general inflation levels, as measured by changes in the Consumer Price Index ("CPI"), were assumed to be 2.5% in 2014 and thereafter.

(b) *Interest (discount) rate*

The present values as at December 31, 2014 of the post-employment benefits was determined using a discount rate of 4.25%.

(c) *Health and dental costs*

Health care costs are expected to increase by 8% in the first year after the valuation, decreasing to an ultimate rate of 4%. Dental costs are assumed to increase by 4%.

9. Tangible capital assets

(a) *Contributed tangible capital assets*

The Township records all tangible capital assets contributed by an external party at fair value on the earlier of the date received or of the transfer of risk and responsibility. Typical examples are land, roadways and storm sewer lines installed by a developer as part of a subdivision agreement. Transfer of tangible capital assets in 2014 was \$Nil (2013 - \$59,135).

(b) *Tangible capital assets recognized at nominal value*

Certain assets have been assigned a nominal value of one Canadian dollar, because of the difficulty of determining a tenable valuation and/or the assets were older than their estimated expected useful lives, and therefore were fully amortized.

(c) *Works of art and historical treasures*

The Township applies efforts to protect and preserve a number of owned historical buildings, collections of equipment, artifacts, documents and exhibits and works of art. These assets are not held for financial gain or to provide service but rather for public exhibition, education or research in furtherance of public service. These historical treasures and works of art are not recognized as tangible capital assets in the financial statements. The acquisition or betterment of such assets is recognized in the financial statements as an operating expense.

(d) *Other*

During the year, there were no write-downs of assets (2013 - \$Nil) and no interest was capitalized during the year (2013 - \$Nil)

Budget figures have been reclassified for purposes of these consolidated financial statements to comply with PSAB reporting requirements.

16. Classification of expenses by object

The Consolidated statement of operations presents the expenses by function; the following classifies those same expenses by object:

17. Guarantees

In the normal course of business, the Township enters into agreements that meet the definition of a guarantee. The Township's primary guarantees include indemnities in favour of third parties, such as purchase and sale agreements, confidentiality agreements, engagement letters with advisors and consultants, outsourcing agreements, leasing contracts, information technology agreements and service agreements.

These indemnification agreements may require the Township to compensate counterparties for losses incurred by the counterparties as a result of breaches in representation and regulations or as a result of litigation claims or statutory sanctions that may be suffered by the counterparty as a consequence of the transaction. The terms of these indemnities are not explicitly defined and the maximum amount of any potential reimbursement cannot be reasonably estimated.

The nature of these indemnification agreements prevents the Township from making a reasonable estimate of the maximum exposure due to the difficulties in assessing the amount of liability which stems from the unpredictability of future events and the unlimited coverage offered to counterparties.

Historically, the Township has not made any significant payments under such or similar indemnification agreements and therefore no amount has been accrued in the Consolidated statement of financial position with respect to these agreements.
