Re: Township of Ramara – Support Township of Brock Resolution 24-9

Dear Mr. Lamanna,

Be advised that the Council of the Township of Ramara passed the following resolution at their meeting held on October 25, 2021:

*THAT we receive Item 9.6 regarding the proposed Holland Marsh Polder Phosphorus Recycling Facility.
AND THAT we support the motions of the Townships of Brock and Georgina.*

I trust the above is self-explanatory; however, if you require further information or clarification, please contact me.

Sincerely,

Jennifer Connor
