Township of Brock, ON L0E 1E0

Dear Friends of the Trail,

After almost 15 years with Trans Canada Trail, I will be leaving to pursue new opportunities, effective March 31, 2020. Before saying goodbye, I wanted to take this opportunity to extend my thanks to all of our donors, friends, partners, volunteers and government supporters for all that has been done in the development of The Great Trail of Canada. This past year, was one of many achievements and continuing progress in ensuring the ongoing sustainability and improvement of our national Trail. We were thrilled to be honoured, in November, with the Canadian Museum of Nature's *Inspiration Award* for Best Non-Profit in Canada and are so grateful for all who played a vital role in getting this accolade. Thank you!

Support for the Trail – Celebrating our Military Connection

This fall, we were proud to fete the Canadian Military Engineers (CME) in Dartmouth, Nova Scotia, and to thank them for their long-standing friendship and collaboration. As part of their 100th anniversary celebrations in 2003, the CME worked on a number of projects over a three-year period and delivered 64 new and restored bridges across the country. Their efforts were instrumental in ensuring that The Great Trail was connected in time for Canada's 150th anniversary celebrations, and in creating a lasting legacy that all Canadians can enjoy for generations to come.

Although the Trail is now connected from coast to coast to coast, bridge maintenance and construction continue to be critical in ensuring the continued connection of and accessibility to the Trail. We look forward to new discussions with the CME on possible future collaborations.

It's Better Together

We continued to grow our audiences, increase our profile, and encourage domestic and international audiences to step out on the Trail. Togetherness – the beauty of doing things in good company – was at the heart of the initiatives we undertook this year.

We successfully piloted three Better Together meet-ups. These guided Trail experiences, along the Trail in British Columbia, Manitoba and Nova Scotia, drew crowds of outdoor enthusiasts. Families of new Canadians were invited to join our meet-ups through our partnership with the Institute of Canadian Citizenship, making for meaningful and memorable experiences with new friends.

Thousands of Canadians took part in The Great Trail Treasure Hunt, and together submitted over 8,000 contest entries. With record-breaking media mentions and participation, the Treasure Hunt has become a cherished public engagement initiative.

Trail Projects

We continue to support many important projects this year, including major repairs to provide safer and easier access to the Trail (Petit Témis, QC); and infrastructure improvements to the Riverfront Bridge (Moncton, NB) and the St. Thomas Elevated Park (ON). In collaboration with our partners in Manitoba, we installed a bridge over Hanson Creek; and we completed a roadway to greenway conversion in Baie-St-Paul, QC. We were thrilled to add a new greenway section – the Pioneer Footpath – the first section of The Great Trail in Labrador.

We also provided technical and financial support for signage projects across the country. In Alberta, we installed signs and wayfinding arrows in Calgary, and on the Trail section from Banff Centre to the Cave and Basin National Historical Site. We also installed a new totem counter in St-Jérôme, QC, and, nature conservation interpretive panels in Yorkton, SK. In recognition of our supporters, we added new panels to six pavilions across the country.

This fall, we received over 150 project requests for financial support through our major funding program, the Capital Improvement Plan. We look forward to supporting as many Trail partners as possible, in their work to develop new and innovative projects in the coming year. With a renewed focus on maintaining the existing greenway sections and increasing their numbers, improving the quality of The Great Trail and being inclusive, next year's projects will support the development of active transportation routes; improvements to accessibility; increased signage; and repairs to sections damaged by natural disasters.

In closing, I'd like to tell you what an honour it has been to lead this organization during both the challenging and the rewarding times. During my tenure, TCT raised over \$120 million in support of the Trail, the most successful initiative of its kind in Canada; the organization acquired national and international recognition through its communications strategies, events and tourism outreach; and we celebrated the full connection of The Great Trail in 2017, as part of Canada's 150th anniversary of Confederation. All of this was accomplished through a passionate team effort among a dedicated staff team, national volunteers and generous donors, as well as support from all levels of government, and Canadians inspired by our vision. Together we achieved a bold, some would say crazy, dream to connect Canada and Canadians, through the development of a national Trail.

It has been a great honour to lead this iconic project toward 2017 and beyond. The memories of the people I met, of the communities visited and of the kilometres travelled will be forever imprinted on my heart. Thank you for having joined me on this great journey.

If you have any questions, or would like additional information on the Trail, please feel free to contact my office at ceo@tctrail.ca or at 800-465-3636 x. 4341.

Thank you for your continued support.

Sincerely,

Deborah Apps
President & CEO

wishing you and yours all the best for the holiday season; may 2020 provide you with many opportunities to spend time on our national Trail with friends and family.

Durham

Greenwood Conservation Area, Town of Ajax

Happy New Year!
January 2020

Welcome not only to a new year, but a new decade! What's your plan for the year ahead in Durham? Will you explore our trails? We have hundreds of kilometres to trek. Do you want to step back in time or get creative? We have museums, galleries and more to explore. Maybe you're looking to rock out at a concert or catch some nail-biting action at one of the exciting sporting events in the region.

Whatever you're looking to do this year you'll find it and more in Durham.

Check out the events featured below or visit our events calendar on DurhamTourism.ca for more ideas on what to do in Durham this year.

Keeping the kids busy

The holidays may have come and gone, but winter break isn't over yet! Check out our suggestions below for keeping the kids busy, without breaking the bank!

[Pickering Mayor's New Year's Day Levee](#),
Pickering Civic Complex- January 1, 2020

[Winter Break Kids Activities](#), Canadian
Automotive Museum- January 2 to 5, 2020

[Winter Break Camp](#), Visual Arts Centre of
Clarington- January 2 to 3, 2020

[Township of Scugog Mayor & Council's
2020 New Year Levee](#), Scugog Community
& Recreation Centre-
January 5, 2020

Please be sure to also visit our local area municipalities' websites for public skating and swimming dates and times.

Warm up your winter with some classic Southern BBQ

Baby it's cold outside, but perhaps a bit of Southern BBQ will help in recalling the warmer days of summer, and we've got just the joint for you to try – Buster Rhino's Southern BBQ is your next stop.

They've been serving up great southern BBQ favourites both to devoted locals, and fans from near and far (Hong Kong, Australia), for more than a decade and the accolades keep pouring in. Top five poutine joints in Oshawa. Best ribs in Toronto. Best jerky. And most recently, best pulled pork courtesy of Ontario's Finest Meat Competition. Is your mouth watering yet?

In addition to a solidly delicious menu, Buster Rhino's has a line-up of high-quality Southern BBQ products including signature BBQ sauces, spices, rubs, meat products and tasty snacks, made fresh in-house with no additives or preservatives.

From the innovative award-winning flavoured pig candy to Carolina style slaw alongside your beef brisket sandwich, visitors can taste the pride Buster Rhino's puts into every one of their products. You'll also feel the local love at Buster's, as the restaurant sources their meat from local butchers, including [Herrington's Quality Butchers](#) in Port Perry (whom was just awarded Ontario's Finest Butcher) and [Halenda's- The Meat People](#). Stop by for lunch or dinner, or pick up some treats to take home.

Delicious Durham

This year, make it your New Year's resolution to get to know the region's exciting culinary scene better. We have a strong farm-to-table movement, innovative and creative chefs, and exciting food festivals, farm markets and craft beverage establishments ready to welcome you!

Get a taste of delicious Donairs (stop by one of two Down East Donairs locations in Whitby or Oshawa); or serve up some homemade soup and a mean chai latte (try Bowmanville's The Toasted Walnut or The Bar Café in Uxbridge). Whatever your taste, we've got something on the menu for you!

Where to sip and savour

World Snow Day

Did you know that January 19 is World Snow Day? Grab your winter woolies and join Dagmar Resort for a fun day celebrating the snow!

The Canadian Ski Patrol Association will be hosting a Safety on the Hill Day. There will be giveaways throughout the day, and photos with Daggy the Dog. Multiple vendors will be on site with great items to browse. This event is open to families. Attendees must purchase a lift ticket or have a seasonal pass to attend.

Find more snowy fun in Durham

Flying Squirrel- more than just a trampoline park

Flying Squirrel is now open in Whitby! If you're looking for year-round entertainment in Whitby, Flying Squirrel Sports is the perfect place! Wall-to-wall trampoline attractions, climbing walls, and inflatable parks make Flying Squirrel the ultimate indoor playground for your entire family.

Let Flying Squirrel Whitby host your all-inclusive, stress-free birthday party, corporate event, facility buyout, field trip, team building event, or church group, with discounts to First Responders, military men & women, children 6 & under, and for groups of 20 or more!

A look at life in Upper Canada

Step back in time at the Lynde House Museum – Whitby's first settler home – and the Warren General Store. Located in downtown Whitby, the museum is great place to spend an afternoon with friends – book a tea & tour, or stop by the museum to experience living history, re-enactments, interpretive tours and special displays.

Once the home of Jabez and Clarissa Lynde and their family, the museum now houses a collection of artifacts from the 1800s on, helping to illustrate the hard-working families, first nations, and early settlers who shaped pre-Confederation Canada. Stop by and learn more about the Lynde family through stories that bring the museum to life.

The Warren General Store, a gift shop featuring local artists, artisans and authors, originally operated as a General Store and Post Office at Hamars Corners, Whitby Township in 1823. The store was reported to be the only store between York (Toronto) and Port Hope. It was run by was run by William and John Borlase Warren, and their wives Clarissa and Louisa, the Lynde family's two eldest daughters. Admission is by donation.

About Lynde House Museum

**Great fishing from
first to last ice**

Ice-fishing season is almost here and in
Durham, Lake Scugog and Lake Simcoe

are the places to be! Check the [Ministry of Natural Resources and Forestry website](#) for dates, as well as [ice fishing rules and regulations](#). Durham Region falls within [Zone 17](#). Before heading out always check ice conditions with local ice hut operators or local anglers.

Several fishing charter operators within Durham Region can take you out for an amazing experience on the ice! For an overview of fishing in the region, check out our [fishing page](#) on [DurhamTourism.ca](#); our [Durham Region Fishing Map](#); or the [Fishing Durham](#) page on the [National Pro Staff website](#). Please exercise caution and safety while on the ice.

The Games live on

We're proud of how our region embraced the 2019 Durham Region Parasport Games, and its athletes, earlier this year. From the economic impact to the region and the province, to being the roar that cheered on these amazing athletes, and from the countless hours put in by volunteers, to the overwhelming support of partners from the region and beyond, the Games were a great success! We shared with and showed athletes, coaches, officials and visitors, all the things that make Durham such a great place to play and explore! See the infographic below for an overview of the Games results.

The “paramazing” experience now continues through the Games Legacy Fund, which will fund initiatives that support the nurturing and growth of parasport in the region. Early on, the fund surpassed its initial goal, and \$111,900 will be distributed across five legacy initiatives:

1. Grants to support youth participation in Parasports through Their Opportunity
2. A two-year Parasport Grow It Program for schools
3. The development of a Parasport Festival
4. Sledge hockey accessibility upgrades for the Town of Whitby’s Iroquois Park Sports Centre Arena 3
5. Initiatives of the Durham Adaptive Sport Collective, which was created to support the growth of opportunities for people with disabilities to enjoy the benefits of participation in sport.

Thank you for your support! We look forward to sharing updates on adaptive sport initiatives and events in the months ahead.

FCM NEWS | December 23, 2019

A year of breakthroughs for municipalities

What a year! 2019 was full of milestones for FCM and its members. We've taken our progress to new heights—securing new tools and strengthening municipalities of all sizes. From Budget 2019 to Election 2019, from our biggest annual conference ever to huge growth in our capacity-building programs, this year FCM showed once again: empowering local leaders builds better lives.

As we head into the holiday season, now is a good time to take stock of all that we have accomplished together.

 [READ FCM'S YEAR IN REVIEW](#)

NEWS

Building better lives together

The year may be coming to a close, but the new Parliament is just getting started. FCM recently released an action plan for the first 100 days of government: *Building better lives—together*. A strong focus is on the need for better, more sustainable tools to empower municipalities to build crucial infrastructure. Take a minute to tweet or email your MP and tell them about FCM's roadmap for the first 100 days of Parliament.

 [TAKE ACTION](#)

Don't miss the deadline for the Women in Local Government Scholarships

FCM's Women in Local Government scholarships provide financial support to women students in Canada to pursue their education and acknowledge their commitment to women in local government issues and to their communities. \$14,000 in scholarships are available to high school, CEGEP, undergraduate and graduate students.

FCM December 23, 2019

Study Tour and Companion Tour details are now available

Registration will open in January for Canada’s largest gathering of municipal leaders: FCM’s 2020 Annual Conference and Trade Show.

In preparation for registration launch, we invite you to peruse the full lists of Study Tours and Companion Tours organized by the host City of Toronto.

For 2020, we are expecting more than 2,000 people will head to Canada’s Downtown – Toronto. The conference will be held in the South Building of the Metro Toronto Convention Centre, June 4 to 7—**four days** of can’t-miss plenaries, workshops, industry-led seminars and networking opportunities.

Check out our conference web page to review the preliminary conference program, the list of registration fees, and details to help you plan your trip to Toronto.

New registration process for study tours

Based on delegate feedback from the 2019 annual conference, we are taking a new approach for the Annual Conference 2020 study tours. Details of the tours are available now to help you begin planning your participation. **Advance registration for the study tours will then open at the same time as details for the workshops are released.**

We are making this small change to our registration process to ensure delegates can plan ahead and make their selections with more knowledge of the full program. This change will also help prevent study tours from being sold-out too quickly.

The list of workshops will be available in March 2020. We will send an advance notice one week before the registration for study tours opens.

Watch for an email from us in early January announcing the opening date for conference registration and hotel accommodations.

We hope to see you in Toronto next year!

Re: Town of Tecumseh Resolution on 911 Misdials

On behalf of Mayor Gary McNamara and Town Council, I am writing to advise that at its meeting on November 12, 2019, Tecumseh Town Council passed the following resolution:

Whereas the calls for service for 911 Misdials have risen dramatically in recent years, correlated with the rise in cell phone use; and

Whereas 911 Misdials must be responded to as if they were legitimate emergency calls; and

Whereas each 911 call is responded to with two OPP officers at an average time per call of 1.2 hours; and

Whereas each 911 call is a billable call to the municipality; and

Whereas in 2019 alone to date, 911 Misdials in Tecumseh number 1,082 calls, which is 28.8% of all billable calls for service to date; and

Whereas 911 Misdials are not unique to Tecumseh and in fact are common across the Province at an estimated cost of millions of dollars;

Now Therefore Be It Resolved That the Municipal, Federal and Provincial governments and relevant associations, including but not limited to, the Ontario Association of Police Services Boards (OAPSB), the Ontario Association of Chiefs of Police (OACP), the Federation of Canadian Municipalities (FCM) and the Association of Municipalities of Ontario (AMO), be requested to lobby the telecommunications industry and smart phone manufacturers to develop a solution to 911 Misdials.

A copy of the report to Town Council (CAO-2019-09) on 911 Misdials is attached for your information. Should you require anything further, please contact the undersigned at lmoy@tecumseh.ca or extension 116.

Yours very truly,

Laura Moy, Dipl.M.M., CMMIII HR Professional
Director Corporate Services & Clerk

Chief Administrative Officer

To: Mayor and Members of Council
From: Margaret Misek-Evans, Chief Administrative Officer
Date to Council: November 12, 2019
Report Number: CAO-2019-09
Subject: 911 Misdials

Recommendations

It is recommended:

Whereas the calls for service for 911 Misdials have risen dramatically in recent years, correlated with the rise in cell phone use; and

Whereas 911 Misdials must be responded to as if they were legitimate emergency calls; and

Whereas each 911 call is responded to with two OPP officers at an average time per call of 1.2 hours; and

Whereas each 911 call is a billable call to the municipality; and

Whereas in 2019 alone to date, 911 Misdials in Tecumseh number 1,082 calls, which is 28.8% of all billable calls for service to date; and

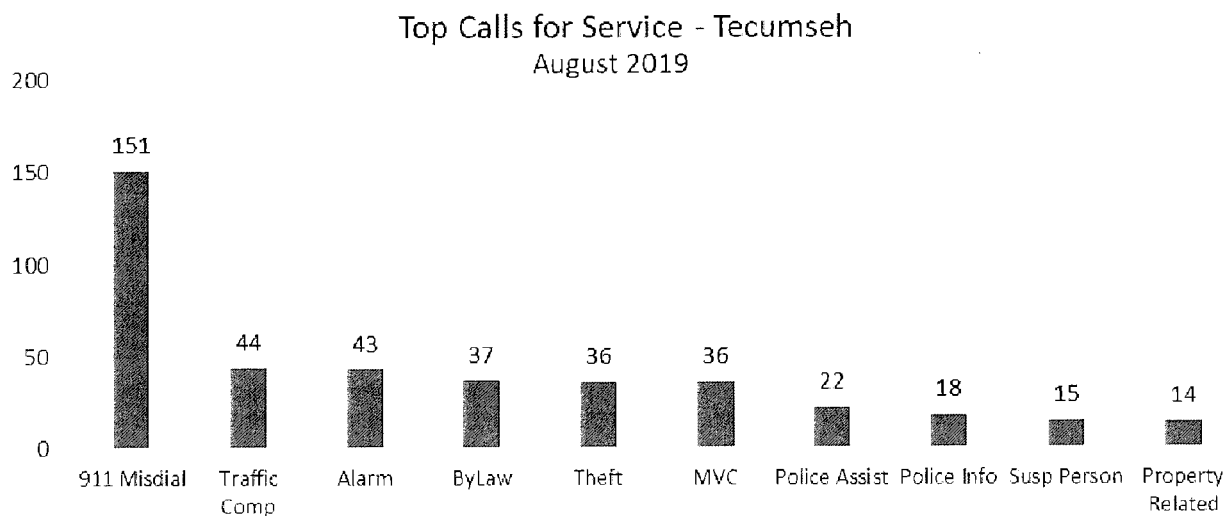

Whereas 911 Misdials are not unique to Tecumseh and in fact are common across the Province at an estimated cost of millions of dollars;

Now Therefore Be It Resolved That the Municipal, Federal and Provincial governments and relevant associations, including but not limited to, the Ontario Association of Police Services Boards (OAPSB), the Ontario Association of Chiefs of Police (OACP), the Federation of Canadian Municipalities (FCM) and the Association of Municipalities of Ontario (AMO), be requested to lobby the telecommunications industry and smart phone manufacturers to develop a solution to 911 Misdials.

Background

The Tecumseh Police Services Board (Board) receives regular reports from the Essex County OPP (OPP) on statistics related to calls for service. Over the past months, the Board has expressed concern on a number of occasions regarding the trend of increasing calls for service related to 911 Misdials, and the high proportion of total calls these represent.

At their October 10, 2019 meeting, the Board reviewed data contained in the 'Police Services Board Monthly Overview August 2019' produced by the OPP. The chart below shows the OPP's top calls for service in Tecumseh for the month of August 2019:

The report includes comparative information with other Essex County OPP Detachment municipalities and notes the following trends in the detachment area:

- A 65.7% increase in 911 Misdials in August 2019 (898 calls) compared to August 2018 (542 calls)
- An average of 29.9 Misdial calls per day
- 911 Misdials are trending 63.2% higher YTD 2019 (5,867 calls) compared to YTD 2018 (3,596)

Concern about escalating 911 Misdials and the effect of this trend on policing and police budgets was also raised at the recent Joint Essex County Police Services Board meeting held in Leamington on August 29, 2019. This meeting was attended by the boards from all Essex County OPP-policed municipalities, namely the Towns of Essex, Kingsville, Lakeshore, Tecumseh and Municipality of Leamington.

Following discussion of this data, and as a result of concerns expressed by members of the Board on multiple occasions, the Board passed Motion PSB 43/19 at the October 10, 2019 PSB meeting:

Whereas the calls for service for 911 Misdials have risen dramatically in recent years, correlated with the rise in cell phone use; and

Whereas 911 Misdials must be responded to as if they were legitimate emergency calls; and

Whereas each 911 call is responded to with two OPP officers at an average time per call of 1.2 hours; and

Whereas each 911 call is a billable call to the municipality; and

Whereas in 2019 alone to date, 911 Misdials in Tecumseh number 1,082 calls, which is 28.8% of all billable calls for service to date; and

Whereas 911 Misdials are not unique to Tecumseh and in fact are common across the Province at an estimated cost of millions of dollars;

Now Therefore Be It Resolved That the Tecumseh Police Services Board request Town Council to approach the Federal and Provincial governments and associations, including but not limited to, the Ontario Association of Police Services Boards (OAPSB), the Ontario Association of Chiefs of Police (OACP), the Federation of Canadian Municipalities (FCM) and the Association of Municipalities of Ontario (AMO), to lobby the telecommunications industry to develop a solution to 911 Misdials.

Comments

Administration obtained the most recent data available for 911 Misdials from the OPP. As of October 12, 2019, the OPP have responded to 1,082 911-related billable calls in Tecumseh, broken down as follows. This represents 28.8% of all calls for service in 2019 YTD. (Note: the categories correspond to those used in the OPP billing statement.)

Billable Category	Description	Number
911 Call / 911 Hang Up	General 911 misdial / hang up	482
911 Hang Up – Pocket Dial	(subcategory) Accidental 911 call using a cell phone	183
911 Call – Dropped Cell	(subcategory) 911 call using a cell phone, then signal was lost. Contact may have been made, then deemed non-emergency or accidental	417
Total	All Categories	1,082

The table below compares the 2019 statistics to previous years. While some 'zero data' is included, the total figures are most relevant. The OPP notes that the Pocket Dial category was introduced in 2013 and the Dropped Cell category was introduced in 2014. As the years went on, officers have become more diligent in classifying 911 misdials into these subcategories as opposed to the more general 911 Hang Up category.

Category	2013	2014	2015	2016	2017	2018	2019 YTD	2019 Est. *
911 Call / 911 Hang Up	640	698	479	449	411	530	482	578
911 Hang Up – Pocket Dial	1	6	21	20	69	70	183	219
911 Call – Dropped Cell	0	1	12	15	70	87	417	500
Total	641	705	512	484	550	687	1,082	1,297

* This is an estimated year-end total based on the YTD amount.

While some fluctuations are apparent, the estimated total number of misdials for 2019 is more than double the total recorded in 2013 and represents an 89% increase over 2018.

As noted earlier, the Board has expressed concerns about this trend both in relation to policing and the police budget. Each 911 call is handled the same way, with at least two officers dispatched to locate the source and respond. It can reasonably be concluded that time and resources spent responding to 911 Misdials divert resources from other community policing activities and initiatives. Efforts have been made by the Town and the OPP to educate the public on 911 misdials to curb frequency of such calls.

The Board's resolution recognizes that Tecumseh is not alone in dealing with this widespread issue. It also suggests that the solution does not necessarily lie in increased public education and awareness, but rather in the redesign of cell phone technology and the way it interfaces with the 911 system. New, easier-to-use features on smart phone releases are something the public takes comfort in, knowing that in an emergency they can reach 911 dispatch easily and send their coordinates to the dispatcher. However, the issue of 911 Misdials should also be raised with smart phone manufacturers to resolve inadvertent 911 calls, which appear to be on the rise.

Consultations

Information and Communications Services
Police Services Board
Ontario Provincial Police

Financial Implications

With respect to the police budget, the impact of one year's increase in call volume is not proportionately reflected in the billing statement, as the municipality's "Calls for Service" costs (a weighted portion of the provincial total) are calculated based on a four-year average. The escalating volume of calls will, however, contribute to a higher four-year average over time.

Link to Strategic Priorities

Applicable

2019-22 Strategic Priorities

- Make the Town of Tecumseh an even better place to live, work and invest through a shared vision for our residents and newcomers.
- Ensure that Tecumseh's current and future growth is built upon the principles of sustainability and strategic decision-making.
- Integrate the principles of health and wellness into all of Tecumseh's plans and priorities.
- Steward the Town's "continuous improvement" approach to municipal service delivery to residents and businesses.
- Demonstrate the Town's leadership role in the community by promoting good governance and community engagement, by bringing together organizations serving the Town and the region to pursue common goals.

From: Water, Drinking (MECP) <Drinking.Water@ontario.ca>

Sent: Friday, December 20, 2019 2:33:58 PM

To: Becky Jamieson <bjamieson@townshipofbrock.ca>

Subject: 2018-2019 Chief Drinking Water Inspector Annual Report and Minister's Annual Report on Drinking Water 2019 now available / Le rapport annuel de 2018-2019 de l'inspectrice en chef de l'eau potable est maintenant disponible

Ontario's government is taking action to protect the province's drinking water and water resources as part of its draft Made-in-Ontario Environment Plan to keep Ontarians safe and pass on a cleaner environment to future generations.

Today, the Ministry of the Environment, Conservation and Parks released the [Minister's Annual Report on Drinking Water 2019](#) and the [2018-2019 Chief Drinking Water Inspector Annual Report](#).

The Minister's Annual Report on Drinking Water 2019 showcases the work Ontario is doing to protect our drinking water and water resources. The Chief Drinking Water Inspector's Annual Report provides an overview of the ministry's progress during 2018-19 and includes in-depth information on the performance of Ontario's drinking water systems and licensed and eligible laboratories.

The reports showcase the province's strong monitoring, reporting and enforcement activities and programs and how these actions help ensure Ontario's drinking water is among the best protected in the world.

This includes reporting on the tests results for lead in drinking water. Ontario's Chief Medical Officer of Health has not received any reports of lead toxicity in Ontario children that have been linked primarily to drinking water in the last 10 years. At the same time, blood lead levels of Canadians have also declined by over 70 per cent in the past 40 years due to ongoing actions to reduce lead exposure from all sources.

Visit Ontario's Data Catalogue to see the supporting [Drinking Water Quality and Enforcement](#) data. For more information on the drinking water quality and enforcement data, please call the drinking water help line at 1-866-793-2588 between the hours of 9 a.m. to 5 p.m. from Monday to Friday or email waterforms@ontario.ca.

Dans le cadre de son projet de Plan environnemental pour l'Ontario, le gouvernement de l'Ontario prend des mesures pour protéger son eau potable et ses ressources en eau afin d'assurer la sécurité de la population ontarienne et de transmettre un environnement plus propre aux générations futures.

Aujourd'hui, le ministère de l'Environnement, de la Protection de la nature et des Parcs a publié le [Rapport annuel 2019 du ministre sur l'eau potable](#) et le [Rapport annuel 2018-2019 de l'inspectrice en chef de l'eau potable](#).

Le Rapport annuel 2019 du ministre sur l'eau potable met en lumière le travail qu'accomplit l'Ontario pour protéger l'eau potable et les ressources en eau de la province. Le Rapport annuel 2018-2019 de l'inspectrice en chef de l'eau potable, présente un aperçu des progrès réalisés par le ministère au cours de l'année 2018-2019 et contient des renseignements détaillés sur les résultats d'analyse obtenus par les réseaux d'eau potable de l'Ontario et les laboratoires admissibles et autorisés.

Les rapports témoignent des programmes du gouvernement et de ses activités rigoureuses de surveillance, de reddition de comptes et d'application des lois et règlements et la façon dont ces activités aident à garantir que l'eau potable de l'Ontario fasse partie des eaux potables les mieux protégées au monde.

Ces activités comprennent la production de rapports sur les résultats des analyses de teneurs en plomb dans l'eau potable. Au cours des dix dernières années, le médecin hygiéniste en chef de l'Ontario n'a reçu aucun signalement de toxicité au plomb chez les enfants de l'Ontario qui aurait été liée principalement à l'eau potable. Par ailleurs, les taux de plomb dans le sang des Canadiens ont également diminué de plus de 70 pour cent au cours des 40 dernières années grâce à des mesures continues visant à diminuer leur exposition au plomb provenant de toutes les sources.

Visitez le Catalogue de données de l'Ontario pour prendre connaissance des données justificatives sur la [qualité de l'eau potable et l'application des règlements](#). Pour obtenir plus de renseignements sur les données relatives à la qualité de l'eau potable et à l'application des règlements, veuillez téléphoner au service d'assistance en matière d'eau potable au 1-866-793-2588 de 9 h à 17 h du lundi au vendredi, ou envoyez un courriel à l'adresse waterforms@ontario.ca.

Agriculture and Rural Affairs Newsletter

January 2020 | Volume 9, Issue 1

In This Issue:

- CasTool Systems expands in Uxbridge
- We Grow Food is growing and teaching in your community
- The Region recognizes the importance of broadband access as a necessity for every household and business
- Invest Durham: growing forward
- Durham Region Federation of Agriculture explores dream of establishing a permanent agriculture education centre
- Brock Youth Centre is now Building Youth Capacity
- Community Economic Development Webinar
- Durham Farm Fresh 2019 in Review
- Celebrate Canada's Agriculture Day on February 11
- Brock and Uxbridge welcome new CAOs
- Province of Ontario Newsroom

CasTool Tooling Systems expands in Uxbridge

CasTool Tooling Systems, located in Uxbridge, recently completed a \$3.5 million expansion to its facility, scaling it up to 90,000 square feet, and now employing 140 people. When CasTool began operating in Uxbridge in 2006, they only had 50 employees. CasTool has also expanded into Thailand, with

plans to expand further to Morocco. The ribbon cutting for the expansion was held on December 3, 2019 and was attended by MP Jennifer O'Connell, a representative from MPP Peter Bethlenfalvy's office, Uxbridge Mayor Dave Barton, and members of Uxbridge Council.

We Grow Food is growing and teaching in your community

We Grow Food (WGF) is a grass roots organization that provides education to community members about connecting to their food in an environmental, sustainable and health-conscious way. WGF teaches and uses organic practices and supports a “no waste” philosophy—using everything they grow as either food or organic matter for composting to create healthy soil.

Established in 2013, WGF farms has nearly two urban acres, in five neighbourhoods, producing approximately 21,000 pounds of food, and have offered 40 educational programs.

The new WGF Mobile Greenhouse Classroom, which includes eight educational and interactive modules and food garden installations, is being developed for the summer of 2020 and will be deployed at schools throughout Durham Region. The mobile classroom will educate students on things like sustainable eating, water conservation and catchment for your garden, composting for healthy soil, seed saving and much more.

For more information on We Grow Food, the Mobile Greenhouse Classroom, or to learn how you can help, please contact: Carol Vandersanden at 905-439-2527, Michelle Perry at 289-356-0191, or email communications.wegrowfood@gmail.com.

**The Region recognizes the importance of
broadband access as a necessity for every
household and business**

Realizing that many parts of the Region do not have equitable, reliable, and affordable broadband access, the Region has embarked on a bold strategy to address this digital divide.

We need to hear from you to help us identify specific issues with your broadband service. On January 7, the Region will be rolling out separate broadband surveys targeted to the residents (with additional questions for farms) and the business community. We hope that everyone will take the time to complete the surveys. The data will provide us insights from our communities and help to determine the next steps forward.

Select this link to take the survey: www.durham.ca/broadband

Invest Durham: growing forward

Durham Region Economic Development is moving forward as Invest Durham, as of December 3, 2019. Along with the new name, Invest Durham has a refreshed brand identity. This new

logo improves accessibility and aims to modernize the brand. Invest Durham will encompass both Film Durham and Agriculture and Rural.

Refreshing the brand is a way to signify that both the Region's economic development activities and Durham's economic outlook are transforming for the better. Recently, the Durham Region Economic Development team launched a [new website](#), that allows for a branded Invest Durham experience.

For more information on Invest Durham, visit: <http://InvestDurham.ca>.

Durham Region Federation of Agriculture explores dream of establishing a permanent agriculture education centre

The dream of establishing a permanent agriculture education centre in Durham Region has been a long time in the making and an often-discussed topic in the Durham agriculture community. The initial concept was to develop a permanent home for the over decade-old successful Durham Farm Connections agriculture education programming and associated projects.

The opportunity to further develop this vision has been provided through funding from the Ontario Trillium Foundation. With these funds, a consultant team, with direction from a project steering committee have completed a study of the feasibility of such a venture. A broad network of stakeholders has been engaged and provided feedback. New potential partners have indicated interest in future relationships to investigate how common goals may be met. The project team continues to look forward to making more future connections.

To access a copy of either of the study reports, please send a request to the Durham Region Federation of Agriculture at drafgnic@gmail.com.

For more information on the Durham Region Federation of Agriculture, visit <https://ofa.on.ca/>.

Brock Youth Centre is now Building Youth Capacity

Building Youth Capacity (BYC) are a virtual organization without bricks and mortar, who travel to the three north Durham townships (Brock, Scugog and Uxbridge) to work with youth in their own communities. BYC has been rebranded from Brock Youth Centre, in acknowledgement of the fact that BYC is involved in all three townships. BYC's goal is

to offer programs that will help combat the 20 per cent youth unemployment rate in Durham Region by helping youth to develop skills that will prepare them for the ever-changing world of work.

For more information on BYC, visit <https://youthcapacity.ca/>.

Community Economic Development Webinar

On January 14, February 13 and 25, from 1:30 to 4 p.m., the Ontario Ministry of Agriculture, Food and Rural Affairs is offering a webinar titled Community Economic Development (CED) 201, which aims to help you:

- Deepen your understanding of CED
- Identify your team and understand ways to interact to achieve your goals
- Explore your community's readiness
- Better understand available tools

Register for a CED 201 webinar [here](#).

Durham Farm Fresh: 2019 in review

Durham Farm Fresh had an exciting and busy year in 2019: they launched their new seasonal flavour trails, Summer Berry, Harvest and Holiday; rebooted the Gates Open: Find Your Flavour farm events; developed the Cycle the Greenbelt map; and redesigned the [Durham Farm Fresh website](#).

On top of all these exciting developments, four new members joined the organization, Rob Alexander from

Nature's Bounty was elected as president, and Kelsey Owens from Coopers CSA Farm was welcomed to the 2020 Board of Directors.

Here's to more exciting things to come in 2020!

Celebrate Canada's Agriculture Day on February 11

On February 11, celebrate Canadian agriculture and food – both online and with friends, family and co-workers – and let everyone know how you feel about this awesome industry.

How you celebrate is up to you – create your own mouth-watering moments or get inspired with some delicious ideas. Just have fun, show your ag pride and make some noise for Canadian food on [Canada's Agriculture Day!](#)

Brock and Uxbridge welcome new CAOs

Robert J. Lamb is the new Chief Administrative Officer for the Township of Brock, effective December 2, 2019. Mr. Lamb brings with him an extensive background from both the public and private sector, and is well-versed in many areas, including leadership, management, economic development, and human resources.

Kristi Honey became the new CAO of the Township of Uxbridge effective December 17, 2019. Ms. Honey, a resident of an adjacent municipality, is very familiar with the Township of Uxbridge and has participated in Uxbridge's social, cultural, and recreational activities for over 30 years.

Welcome Robert and Kristi!

AMO Annual Conference Updates

January 6, 2020

Cybersecurity and Ontario's Municipalities

Pre-Session at the 2020 AMO Conference

Attending the AMO Conference this year? Looking to build your knowledge on an important topic for municipalities before the Conference starts? On the Sunday morning, AMO and

the Municipal Information Systems Association of Ontario (MISA-ON) are co-hosting a half day session on municipal cybersecurity.

On a daily basis, municipalities across the world are under threat from cyber attacks. Recently, many of Ontario's municipalities have had to cope with technology enabled attacks such as ransomware, denial of services, data theft, fraud, and many others as well as the fall out of these cybercrimes.

Join us the morning of Sunday, August 16 where experts will speak in plain language about what elected officials and CAOs need to know so municipalities can work towards building and maintaining resilient systems to cope with ever increasing cyber threats.

Speakers and program TBD. Stay tuned to AMO Conference email updates for further details.

Remember to [reserve your hotel room](#) for this year's AMO Conference. Bookings open on Tuesday, January 7 at 10am EST.

Investment Readiness Program

Calling all social purpose organizations in Toronto, York Region and the Region of Durham!

Toronto Foundation, in collaboration with Community Foundations of Canada, the Government of Canada, and regional partners including Durham Community Foundation is launching the Investment Readiness Program (IRP) to support positive impact in the community through social enterprise.

Investment Readiness Program funding applications are now being accepted!

Social purpose organizations can request between \$10,000 - \$100,000 of IRP funding, which can be used to research, launch, design, promote, measure, and/or scale up their social enterprise. Funds are intended to be used to access expert advice or services or create dedicated staff capacity.

The application portal opened **Wednesday, January 8th** and will close on **Monday, February 10th**.

Community Foundations of Canada will be offering an “IRP 101” webinar for social purpose organizations interested in learning for more about the IRP opportunity.

It is being held on **January 13, 2020**. Sign up

here: <https://www.communityfoundations.ca/events/the-irp-a-101-for-social-purpose-organizations//>

For more information about the program, please visit www.irp-ppi.ca and <https://www.communityfoundations.ca/initiatives/the-investment-readiness-fund/>

For organizations in the city of Toronto, Durham Region, and York Region, please also see <https://torontofoundation.ca/investment-readiness-program/>

To access the application form, please visit https://cfc-fcc.smapply.io/prog/the_investment_readiness_program_/

For additional questions, please email IRP@torontofoundation.ca

We look forward to your application!

RESOLUTION IN SUPPORT OF CONSERVATION AUTHORITIES

WHEREAS the Township of Stone Mills is committed to planning for an protecting the future sustainability of its resources and environment,

AND WHEREAS the Township of Stone Mills is within the Quinte and Cataraqui Conservation Authority areas,

AND WHEREAS the Province of Ontario is currently reviewing the mandate and operation of conservation authorities and;

AND WHEREAS Conservation Authorities provide essential services to municipalities in their watersheds and

AND WHEREAS smaller municipalities do not have capacity or the financial resource to employ staff with the technical expertise that conservation authorities provide and

WHEREAS development near watercourses can have significant effects both upstream and downstream

THEREFORE BE IT RESOLVED THAT The **Township of Stone Mills encourages the province to continue to support the principle of planning on a watershed basis in the on-going review and prioritize the allocation of adequate funding to support the core mandate of conservation authorities.**

AND THAT this resolution be forwarded to Minister of the Environment, Conservation and Parks, Premier Doug Ford, MPP Daryl Kramp, the Association of Municipalities of Ontario, the Cataraqui and Quinte Conservation Authorities and all Ontario Municipalities.

Subject: Premiers to Develop Nuclear Reactor Technology

Dear Honourable Doug Ford,

Please be advised that at the Regular Meeting of Council held October 9th, 2019, Council for the Corporation of the Town of Deep River passed the following resolution:

BE IT RESOLVED THAT the CBC News report entitled "**Group of premiers band together to develop nuclear reactor technology**", be received, and

WHEREAS the Premiers of Ontario, Saskatchewan and New Brunswick have announced their intention to work together on the development of small modular reactors to help their provinces reduce carbon emissions and address the challenges of climate change;

WHEREAS Canada has demonstrated excellence and leadership in the nuclear industry on the world stage for more than 70 years;

WHEREAS the Canadian nuclear industry is one of the safest and most well-regulated energy sectors in the world under the oversight of the Canadian Nuclear Safety Commission;

WHEREAS the citizens of Ontario have enjoyed the benefits of safe, clean, low-carbon energy produced by Ontario's nuclear industry for over 50 years;

WHEREAS small modular reactors have the potential to provide municipalities, especially rural and northern municipalities, with an innovative technology that provides a safe, low-carbon alternative to meet energy demands; therefore,

BE IT RESOLVED the Town of Deep River write to the Premiers of Ontario, Saskatchewan and New Brunswick to express support for their decision to work together on the development of small modular reactor technology as a safe, low-carbon energy option;

THAT the Town of Deep River write to the Prime Minister of Canada, Minister of Natural Resources, and the remaining provincial premiers asking that they support investment in the research and development of small modular reactor technology as an innovative, safe, low-carbon energy option; and

THAT this resolution be circulated to all upper and lower-tier municipalities in Ontario, and the Federation of Canadian Municipalities, for their consideration.

CARRIED

Thank you and please contact the writer should you have any additional questions.
Kindest regards,

Bethany McMahon, Administrative Assistant
Town of Deep River

FCM January 10, 2020

COMMUNIQUÉ

Tell your MP: local infrastructure builds better lives

From big cities to rural towns, empowering communities to build and renew core infrastructure delivers deep national impact—from good jobs to new growth to a higher quality of life.

With MPs returning to Ottawa later this month, let’s deliver that message loud and clear.

Municipalities own 60 per cent of Canada’s core infrastructure, but collect just 10 cents of every tax dollar. Our federal partnership is key to strengthening local infrastructure to meet Canada’s needs.

In November, FCM launched our action plan for the first 100 days of Parliament: *Building Better Lives Together*. It lays out concrete recommendations for empowering municipalities—including ensuring infrastructure funding flow efficiently and strengthening the federal Gas Tax Fund.

We need you to help spread the word. Here's what you can do:

- Share our first 100 days action plan with your MP—it only takes a minute.
- Visit our [website](#) to learn more about the transformative impact of the Gas Tax Fund.

Together, let's ensure every MP knows: empowering local leaders builds better lives.

- Your FCM team
