Hi all,

We are just over a month away from the first annual **Great Lakes Forest Health Showcase!** This one-day event is on April 8, 2020 at 8AM at Algoma University in Sault Ste. Marie, ON! **There is still time to register to participate in person or online!** Click [here](#) for more information about the event or click [here](#) to skip straight to register for this FREE event. Registration to attend the event will close April 3<sup>rd</sup>.

Please forward to those who may be interested within your network! For those planning to attend in person there will be information booths and posters for viewing prior to the event and at breaks. Lunch, coffee, tea and snacks will be provided throughout the day!

If you have any questions, concerns, or are having issues registering, please contact Victoria Fewster at [Victoria.Fewster@canada.ca](mailto:Victoria.Fewster@canada.ca) or (705) 541-5518.

Bonjour à tous,

Nous sommes à un peu plus d'un mois de la première **présentation annuelle sur la santé des forêts des Grands Lacs!** Cet événement d'une journée se tiendra le 8 avril 2020 à 8 heures à l'Université Algoma de Sault-Sainte-Marie, en Ontario! **Il est encore temps de s'inscrire pour participer en personne ou en ligne!** Cliquez [ici](#) pour plus de renseignements sur l'événement ou [ici](#) pour vous inscrire directement à cet événement GRATUIT. La période d'inscription pour y participer prend fin le 3 avril.

Veuillez faire passer le mot à ceux qui pourraient être intéressés au sein de votre réseau! Pour ceux qui prévoient participer en personne, il y aura des kiosques d'information et des affiches que vous pourrez consulter avant l'événement et pendant les pauses. Dîner, café, thé et collations vous seront offerts tout au long de la journée!

Si vous avez des questions, des préoccupations ou des problèmes pour vous inscrire, veuillez communiquer avec Victoria Fewster à l'adresse [Victoria.Fewster@canada.ca](mailto:Victoria.Fewster@canada.ca) ou par téléphone au 705-541-5518.

Confidentiality Notice

This e-mail may be privileged and/or confidential, and the sender does not waive any related rights and obligations. Any distribution, use, or copying of this e-mail or the information it contains by anyone other than the intended recipient(s) is unauthorized and may breach the provisions of the Municipal Freedom of Information and Protection of Privacy Act. If you received this e-mail in error, please advise the Town of Georgina by replying to this e-mail immediately.

**THE CORPORATION OF THE TOWN OF GEORGINA  
NOTICE OF PUBLIC MEETING**

YOU ARE INVITED to attend a Public Meeting on:

**Wednesday, April 22, 2020, at approximately 7:30 p.m. in the  
Council Chambers of the Georgina Civic Centre at 26557 Civic Centre Road, Keswick.**

*Please note that this proposal, along with other matters, will be dealt with in the order that they appear on the agenda or as Council may determine.*

---

**SUBJECT: KESWICK SECONDARY PLAN REVIEW**

The Town of Georgina is in the process of reviewing and updating the Keswick Secondary Plan. The Secondary Plan is a long-range planning policy document that manages land use, growth and development within the community of Keswick. The purpose of this meeting is to give an opportunity for the public to provide comments to Council regarding any issue or matters that should be considered through the review. The review will deal with the area subject to the Keswick Secondary Plan, as shown on the key map below. A copy of the current Keswick Secondary Plan is available for viewing at the municipal office during regular business hours or online through the Town's website at [www.georgina.ca](http://www.georgina.ca). A statutory public meeting will be held later this year to consider the proposed secondary plan once it has been drafted, notice for which will be provided in accordance with the requirements of the *Planning Act*.

**Town File: 02.195; Direct inquiries and comments to Tolek A. Makarewicz, Senior Policy Planner, at 905-476-4301 ext. 2297 or [tmakarewicz@georgina.ca](mailto:tmakarewicz@georgina.ca). Please reference the above file number in all communications.**

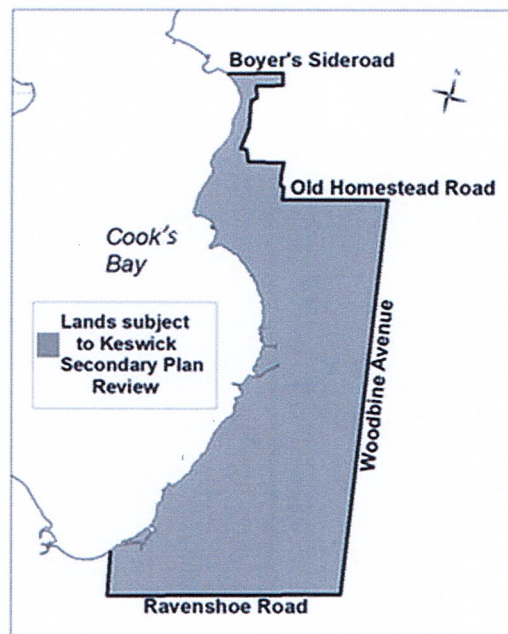

**ADDITIONAL INFORMATION:**

Any person may attend the meeting and/or make written or verbal representation in relation to the proposal. Written comments should be mailed/emailed to the Planner noted above. Please ensure you include your name and address so that you may be contacted, if necessary. Additional information related to the review can be obtained by contacting the Planner noted above or by visiting the dedicated project website: [www.georgina.ca/KSPR](http://www.georgina.ca/KSPR). The staff report to be considered by Council will be available on the Thursday preceding the scheduled Council meeting from the Planning Division or online within the full Council Agenda at [www.georgina.ca](http://www.georgina.ca). If you wish to be notified of future meetings and the decision of Council on the Keswick Secondary Plan Review, you must make a written request to the Planner noted above.

**NOTICE OF COLLECTION:**

Personal information collected in response to this planning notice or in relation to this proposal will be used to assist Town staff and Council to process the proposal and make a decision on this matter. Such personal information is collected under the authority of the *Municipal Act*, the *Municipal Freedom of Information and Protection of Privacy Act*, the *Planning Act*, and all other relevant legislation, and will become part of the public record, may be viewed by the general public, and may be published in a Planning Report and Council Agenda. Questions about this collection may be directed to the Rachel Dillabough, Town Clerk, at 905-476-4301 ext. 2223, or [rdillabough@georgina.ca](mailto:rdillabough@georgina.ca).

**FCM NEWS | March 9, 2020**

# FCM VOICE

Canada's voice of local government

## FCM targets upcoming federal budget

Mid-way through last week's national board gathering in Saint-Hyacinthe, Quebec, FCM released *Building Better Lives with Budget 2020*. This is our shortlist of recommendations for the upcoming federal budget.

From infrastructure tools to leadership on housing affordability, we're calling for steps that strengthen communities of all sizes. And we're showing how tooled-up municipalities can tackle federal climate objectives *in ways that also improves people's daily lives*

For a minority government, this first budget is a key opportunity—to show they can get concrete things done for Canadians. What we offer is a clear path: practical ways to empower municipalities to deliver results that Canadians can see and feel.

### NEWS

#### Celebrating International Women's Day 2020

We need women in leadership roles in order to achieve gender equality and open doors for women across a diversities. Today, we are celebrating women leaders in local government, both in Canada and around the world. And you can do the same — by nominating a retired woman elected official for the Ann MacLean Award for Outstanding Service. This award celebrates retired women municipal politicians who are leaders in their communities and who have mentored other women to run for office. Nominations close on April 6.

#### FCM's board meeting wraps up in Saint-Hyacinthe

FCM's elected Board of Directors wrapped up four days of meetings last Friday in Saint-Hyacinthe, Quebec. The board meets regularly to drive FCM's priorities forward, and to respond to emerging issues facing municipalities of all sizes. Board members received an update from FCM's Western Economic Solutions Taskforce, and they continued to explore ways to strengthen FCM's long-term foundation. With the release of our Budget 2020 recommendations, board members also looked at practical next steps to continue empowering municipal leaders to build better lives.

[▶ READ THE NEWS RELEASE](#)

## New guide: Preparing for 5G deployment in your community

Telecommunications carriers, the CRTC and the federal government are gearing up to deploy 5G technology in Canada. Access to reliable Internet is a concern for communities of all sizes, but there are a myriad of challenges associated with implementing this new technology. We just published a new guide, designed to help municipalities deal with the practical, policy and logistical implications of 5G technology in local communities.

## Awards to showcase your sustainability initiative

Nominate your municipality for FCM's 2020 Sustainable Communities Awards. The awards celebrate exceptional initiatives in asset management, brownfields, climate change, energy, neighbourhoods, transportation, waste, water, and more. As a winner, you'll receive local and national recognition and promotion for your initiative. Learn more about the awards and apply by March 31, 2020.

## Ontario's Flooding Strategy Released

The Ministry of Natural Resources and Forestry has released [Ontario's Flooding Strategy](#). There are five key areas for action:

- 1) Understanding Flood Risks,
- 2) Strengthening Governance of Flood Risks,
- 3) Enhanced Flood Preparedness,
- 4) Enhance flood response and recovery,
- 5) Invest in Flood Risk Reduction.

Municipal governments can welcome this commitment to enhance mapping and increase public awareness by creating a public education program. There is clear direction that all governments and conservation authorities need to work in greater collaboration. This will include clarifying responsibilities and working groups to tackle specific issues.

A strong investment in science based, defensible data is planned in an effort to improve flooding information. This is not only for mapping but also to improve forecasting and warning systems. The province will be reviewing a large number of regulations and technical guidelines to update them to better reflect recent flooding experiences and climate change projections. As well there is a commitment from the province to enhance flood forecasting in a number of ways including working with the Federal Government. This in turn will improve public warning information.

Of specific interest to municipal governments are the action items pertaining to land use planning decisions and infrastructure. Reliance on structures to mitigate flood hazards has not been as successful as originally intended. As a result, municipalities are called on to evaluate approaches and standards. This will include maintaining wetlands, increasing permeable surfaces, enhancing resiliency through building infrastructure in anticipation of extreme weather events, and stormwater / wastewater management and reporting.

Many of these actions will impact conservation authorities in terms of their role in mapping, the planning process, monitoring, forecasting and support of emergency management activities. Conservation Authorities could be called on to strengthen the use of hazard regulations under Section 28.

Agricultural and rural drainage may also see revisions to standards.

The strategy speaks to land owners' responsibilities and is supportive of the federal government developing a new low-cost national flood insurance program to protect homeowners at high risk of flooding and to develop a national action plan to assist

homeowners with potential relocation for those at the highest risk of repeat flooding. There is a commitment to enhance emergency response by implementing Auditor General recommendations, and review the Disaster Recovery Assistance program. Specific actions are reviewing the build back better pilot, providing clarity on the eligibility of waste management costs, and reviewing program responsiveness.

Finally, there is discussion of better leveraging the existing Ontario Community Infrastructure Fund (OCIF) and Ontario's Asset Management Planning regulations to account for flooding and climate adaptation needs; funding for flooding infrastructure projects through the recent Green Infrastructure Stream intake; Conservation Authority Water Erosion Control Infrastructure (WECI) funds for dam investments; continued funding for core activities of Conservation Authorities; support from federal funding programs and encouraging the use of Local Improvement Charges for shoreline revetment.

Overall, this report will require municipal governments:

- to alter practices for where or under what circumstances development is allowed, including avoiding hazard lands and an emphasis on low impact development.
- to alter expectations of developers to better manage stormwater, maintain wetlands, increase permeable surfaces and require low impact development.
- to be more stringent with development. There will be some developments that may not be able to proceed which may result in some landowners being frustrated.
- to evaluate storm and wastewater management. There may be some costs (depending on how infrastructure funding is provided) to upgrading existing and up sizing future infrastructure designed to manage waste and storm water. Sewer overflow reporting will also require municipal attention.

With any change in approach or standards, there can be time lags which translate into costs. While the document points to municipal governments as the lynchpin in addressing flooding, it does not seem to require new unfunded mandates. The Strategy does however add pressure to an already challenging infrastructure funding environment where demand far outstrips available funds.

AMO continues to call for additional, dedicated federal and provincial funding for flooding infrastructure to help municipalities adapt to our changing climate. AMO staff will continue to monitor the ways in which this strategy is implemented.

**Subject:** Release of 'Protecting People and Property: Ontario's Flooding Strategy'

Hello,

Ontario is taking action to protect people and property by strengthening the province's preparedness for flooding because the safety of the public and the protection of our communities is our number one priority.

In response to Ontario's Special Advisor on Flooding [report](#) released last November, and the call from the communities around the province to address the issue of flooding, Ontario has released *Protecting People and Property: Ontario's Flooding Strategy*, available [here](#). The Strategy introduces a series of new and enhanced actions that will help Ontario better prepare for, respond to, and recover from significant flood events.

You can also visit our updated webpage, [ontario.ca/floods](http://ontario.ca/floods) to find emergency preparedness information, including safety and flood mitigation tips for homeowners.

We look forward to continuing to work with you to build a more resilient Ontario.

Thank you

Ontario farms have come under increasing threat from trespassers and activists who illegally enter property, barns and buildings, causing significant disruptions to the entire agri-food sector. These activists are trespassing under false pretenses to gain entry on to farm properties. They have seized private property and threatened the health and safety of Ontario farms, employees, livestock and crops. These individuals and organizations are causing health and safety concerns and undue stress to Ontario farmers, their families, and their businesses. Once peaceful protests have escalated to trespassing, invading, barn break-ins and harassment. These incidents distress farmers, their families and employees, and threaten the health of livestock and crops when activists breach biosecurity protocols, ultimately putting the entire food system at risk.

We strongly support the new proposed legislation, *Bill 156: Security from Trespass and Protecting Food Safety Act*. This new legislation is an important way to keep our farm and food supply safe for all Ontarians. Bill 156 provides a balanced approach to protecting farms while recognizing a citizen's right to protest. This new legislation will ensure farm businesses have a legal standing to protect their farm, family and employees, livestock, crops and ultimately the entire food system. *Bill 156: Security from Trespass and Protecting Food Safety Act* is good news for Ontario's agri-food industry. Thank you for this important new legislation. Protection of our Ontario should be the highest priority.

Sincerely,

**Meagan Elliott**  
 Municipal Clerk

Moved: Eugene Ivanov

Seconded: Patrick Adams

**Whereas** the Provincial Government of Ontario is considering **Bill 156, *Security from Trespass and Protecting Food Safety Act, 2019***; and

**Whereas** Bill 156 is intended to protect farms, farm operations, and food safety and security by addressing unwanted trespassing; and

**Whereas** Ontario farmers are increasingly under threat of unwanted trespassers who are illegally entering property, barns and buildings, and safety of drivers of motor vehicles transporting farm animals which threatens the health and safety of the farm, employees, livestock and crops; and

**Whereas** additional protection for the agri-food industry to protect the security of the food chain, the farm owners, family and employees is the purpose of the ***Security from Trespass and Protecting Food Safety Act, 2019***; and

**Whereas** unwanted trespassing occurs on all types of farm operations, including grain farmers, which has the potential to impact the safety and security of people and the food chain;

**Now Therefore Be It Resolved That** the Town of Kirkland Lake supports the intent of Bill 156 and requests that the Province of Ontario expanding Bill 156 to identify and include protections against trespass for grain farm operations; and

**That** a copy of this Motion be sent to the Honourable Doug Ford, Premier of Ontario, The Honourable Ernie Hardeman, Minister of Agriculture, Food and Rural Affairs, the Honourable Steve Clark, Minister of Municipal Affairs and Housing, Andrea Horwath, Leader of the New Democratic Party of Ontario, John Fraser, Interim Leader of the Liberal Party of Ontario, Mike Schreiner, Leader of the Green Party of Ontario, and Monte McNaughton, MPP, Middlesex-Kent; and

**That** a copy of this motion be sent to the Association of Municipalities of Ontario (AMO), and Ontario municipalities.

Springtime in Paris - OSUM 2020 Update: Closing Keynote Chris Turner Confirmed

The 2020 OSUM Conference is being held in Brant County April 29th to May 1st at the TownePlace Suites Brantford and Conference Centre. We are pleased to announce our closing keynote!

Closing Keynote: Chris Turner, Expert on Sustainability, Climate Change, Cleantech and the Global Energy Transition

<<https://amo.informz.ca/AMO/data/images/OSUM%20PIC.jpg>>

Chris Turner is one of Canada’s leading voices on climate change solutions and the global energy transition. Mr. Turner draws on recent breakthroughs in renewable energy and urban design to paint a vivid portrait of a new, sustainable world order that will allow individuals and businesses alike to thrive in the twenty-first century economy. His reporting on energy, climate and sustainability issues has appeared in The New Yorker, The Guardian, The Globe & Mail, The Walrus, Canadian Geographic, and many other publications. A two-time National Business Book Award finalist, his latest book is The Patch: The People, Pipelines and Politics of the Oil Sands.

In case you missed it, OSUM 2020 will also feature:

Minister’s Address: Message from the Minister of Municipal Affairs and Housing

The Honourable Steve Clark, Minister of Municipal Affairs and Housing will address conference attendees on Thursday, April 30. The 2019 OSUM Conference is the place to be for firsthand information about the Government of Ontario’s interactions with municipal government and future plans for housing.

Opening Keynote Speaker: Ilona Dougherty, Leading Expert on Millennials and Generation Z and Social Entrepreneur

Ilona Dougherty is an award-winning social innovator and a regular commentator in the Canadian media who helps business, civil society and government understand how to tap into the unique abilities of young people. Find out what she has to say about how governments, businesses, and organizations can succeed in the innovation economy by tapping into young people’s potential and how to spark intergenerational collaboration.

Brant County Sites and Experiences:

Beautiful Brant County offers many wonderful experiences that we are recommending you take advantage of while at OSUM.

On offer will be a Progressive Dinner Tour and exciting Companion Day Tour organized by Tasty Road Trips Food Tours, a local entrepreneur and foodie also know as Spicy Jan! Tasty Roadtrips
