Notes:	CII
Copies to:	Website

Hello,

A friendly reminder that **starting tomorrow, September 5th**, we’re increasing GO train service on all lines to give customers more flexibility and also resuming or adjusting GO bus service on most routes to better match demand.

The latest schedules, route maps, and service updates can be found on GO Transit’s [website](#).

For Durham Region customers:

Previously, we told you that some Route 90 service will be replaced by new Durham Region Transit (DRT) local service, however, this service has been delayed, so we will temporarily continue to operate the route at the current frequency until the new DRT route begins. GO Route 90 schedules will be adjusted on September 5th to maintain connections with Lakeshore East trains. We’ll be sure to advise you of any further changes.

Customer safety is our top priority. Passengers will experience a fully transformed GO with over 40 measures taken to help keep you safe including increased cleaning, seat dividers on select vehicles, and mandatory face-coverings.

At Metrolinx, safety never stops.

Warm regards,
Stakeholder Relations Office

AMO Policy Update – Emergency Exercise Exemption, Child Care, and Great Lakes Investments

Emergency Planning Exercise Exemption for 2020

The Solicitor General [announced](#) an exemption for municipalities from the requirement to conduct a mock emergency exercise in 2020. The requirement for municipalities and provincial ministries to conduct exercises every year to test and practice their emergency plans is in *O. Reg 380/04 of the Emergency Management and Civil Protection Act, (EMCPA)*.

Child Care and Early Learning Agreement

The provincial and federal governments [announced](#) an additional investment through the one-year Canada-Ontario Early Learning and Child Care Agreement (ELCC) of nearly \$147 million to Ontario for 2020-21. This funding will help licensed child care providers and EarlyON child and family centres. This year the funding will be used to mitigate against the impacts of COVID-19. It will also support increased access for families and professional learning for staff. The agreement provides funding in addition to the \$234.6 million through the Safe Restart Agreement previously [announced](#) in August.

Ontario Invests in Great Lakes Health

The Ontario government is [investing \\$7.47 million](#) to improve the health of the Great Lakes. The funding will support projects that address environmental challenges such

as increased levels of pollutants, excess nutrients, and rising levels of invasive species. Protecting the Great Lakes is a key commitment in the Province's Made in Ontario Environment Plan to ensure water resources and ecosystems are safeguarded for future generations. Applications for the Great Lakes Local Action Fund will open in September 2020 through [Transfer Payment Ontario](#).

AMO's [COVID-19 Resources](#) page is being updated continually so you can find critical information in one place. Please send any of your municipally related pandemic questions to covid19@amo.on.ca.

re Supportive Housing Project on Main Street

Dear Mayor Bath-Hadden

I would send this to all members of your council but your communications list will not allow it. You should publish email address in today's modern world. Not hide the addresses.

As you know your address is public. Thank you.

I understand that you are a reasonable person who would make decisions based on actual facts as they exist. What happened to community involvement in the only major proposal since the IGA store was built. ? Yes I remember.

You must be aware of the need for services and activities for the persons who require supportive housing. They are set out in your announcement.I just read.

This is not a hope or wish but a real issue. Your announcement is a wish list with no reality. read it out loud.

This smacks of a decision based on something other than factual reality.

I personally had a business at Queen Street East and Serbourne in Toronto and became aware of the issues that develop when there are no real activities or supportive services other than all night attendances by volunteers to deal with the emergency issues as they develop daily.. Drive down any time of the day or night and sit there for a while.

There are no reasonable service available for the residents of Beaverton let alone the special requirements of this facility.

We contributed to building the medical facility.

When we required emergency service once for about 10 minutes to have a child looked at we were told there is no space for anyone new under any circumstances.

There is no shopping. The pipe dream of a resident of this fcicl being taken to the independent grocer and then having someone wait for them means that noone will use that service.

There is no public transportation

There is no private transportation No cabs, no Uber.

.There are absolutely no activities except

golfing,

curling

skateboarding

and splash pad none of which will be attracted to this facility.

There is the historical society I am sure that will interest them.

Lyons club?? sure

There is the Library where mostly children gather.

There is not one service available that is listed as needed by the occupants of this development. I just read the list published. list.

Instead try and get us a doctor.

The Only real service is the ambulance station.

I would be pleased to read your study that resulted in an acceptance of this facility in our town with no services. The announced web notice says nothing to justify this facility in our town. Please share it. My mind might be changed.

What is the point of a building placed in such a location to provide nothing but a place for persons to hang around and be treated if they stay inside?

I was at the meeting in 1991 when the feds offered to invest in the harbour to provide commercial assessment so long as the counsel did not renew the boathouse leases. It soured me on politics in Beaverton. This is my first venture back.

How about some decision to promote development that is beneficial to the long time residents of this nice Town rather than a development that has no possibility of benefitting even one resident. Just strangers dragged in from an urban world.

I guess employment will be professionals, even contracted cleaning services and food service which helps noone.local.

Please reconsider this decision. It is not evidence or factually based.

Thank you for reading this.

Daniel and Carolyn Kayfetz

23 Lakeshore Road.

I would like to send copies of this to the counsellors.

I am confined by Covid consideration or I would personally appear.

MP JAMIE SCHMALE APPOINTED SHADOW MINISTER FOR FAMILIES, CHILDREN AND SOCIAL DEVELOPMENT

Date:	08/09/2020
Refer to:	Not Applicable
Meeting Date:	
Action:	null
Notes:	CII
Copies to:	

FOR IMMEDIATE RELEASE

September 8, 2020

Lindsay: Local MP Jamie Schmale was appointed today as Shadow Minister for Families, Children and Social Development by Her Majesty's Official Opposition and Conservative Party of Canada leader Erin O'Toole.

"I'm grateful to be able to serve the constituents of Haliburton-Kawartha Lakes-Brock, and all Canadians on this file," said Schmale. "We are in an unprecedented time in our nation's history. Families are struggling, youth are underemployed and understandably there is anxiety about what the future may hold. It is imperative that we listen to what Canadians are saying as we address housing and rental affordability, the cost of raising children and take steps to make life more affordable for families."

Prior to being named to this position MP Schmale served in the shadow cabinet as Shadow Minister for Crown-Indigenous Relations.

"Together, with the rest of the Conservative team, we will be holding this government to account," added Schmale. "Our families and children are the bedrock of our society and I will work hard every day on their behalf."

Subject: Beaverton Supportive Housing Project

Hi Doug

I called your office earlier and was told to send this to the above email address and as you can see I have copied a few other folks regarding this matter in Beaverton , Ontario

I am a resident of Gillespie Gardens a senior apartment in Beaverton Ontario that is owned by Durham Non- Profit housing .

Very close to us we also have a seniors long term care home .

It has been brought to the attention of residents of the apartment and neighboring residents that there is going to be a building built next door to the senior apartment that will house addiction and mental health individuals.

It's almost like CAMH north type of folks . The residents here are scared to live so close to such persons and I'm sure you can understand why !

Some of these residents are in their nineties and very vulnerable. I personally am one of the younger seniors and I certainly don't feel comfortable either.

There has been Zero public consultation regarding this project , absolutely no communication !

We here in Beaverton don't have the facilities for this type of establishment and the residents certainly are NOT in favor of this either and that is an understatement .

We don't have a hospital, we don't have a doctor in town so how can they dump these people into this community .

Doug please help these seniors live a safe and secure lifestyle please note that is what they are used to .

Durham must think that money is not everything , if it was any one of your parents would you want them to live so close to people with these type of disabilities I'm sure you wouldn't

Doug we are counting on you since you are one politician that seems to care for seniors well being .

Please see attachment for a clipping from todays News Paper

i thank you in advance

Aira Teklenburg - [REDACTED]

Gillespie Gardens

Beaverton , Ontario

LETTER TO THE EDITOR

COUNCILLOR DETAILS CONCERNS ON BEAVERTON SUPPORTIVE HOUSING PROJECT

To the editor:

I would like to clarify a few points from the front page story regarding opposing the modular housing project the Region of Durham is proposing beside Gillespie Gardens. There was zero public consultation, input or feedback before this expedited decision was made. Not one

research or study to show that this is an optimal location set up for success. Even the local councillors were not aware of this until last week. Absolutely horrible communication.

The only reason I was told that this is a good location is because of the "surplus land" and that it is "already zoned" for this type of

project. That reason alone sets this up for failure. This is not about "not in my backyard." This is about proper planning and services, jobs, food, etc. Brock is the only municipality without a hospital in the Region of Durham, however, let's throw this project where there is no hospital. It just makes no sense to me at all.

Beaverton has challenges with many issues including drugs and policing, medical services and unemployment. I am totally for Supportive Housing. Let's just set it up for success. At this time, throwing vulnerable folks into a rural area such as this is a recipe for disaster. Heck, even Brock's own would have zero priority to

get into this project. I have had conversations with numerous support agencies, including homelessness support agencies. They all say the same thing "Beaverton is not an optimal location for a facility such as this." Let's rethink this Durham Region.

 Add Communicate@amo.on.ca to your safe list

September 3, 2020

In This Issue

- COVID-19 resources.
- My time as AMO's 2020 Policy Intern.
- Energy bill assistance for charities and small business.
- Changes to *Aggregate Resources Act* regulation.
- *Security from Trespass and Protecting Food Safety Act, 2020* partially proclaimed.
- Information about FCM's Virtual Elections and AGM.
- Increasing transparency with Digital Meeting Management.
- Everything you need to know about Land Use Planning.
- SAVE THE DATE! Municipal Cyber Security 101 - October 22.
- Municipal Group Buying Program: Capital Purchasing update.
- Municipal Energy Reporting deadline is a month away.
- Career with County of Huron.

AMO Matters

AMO's COVID-19 [resource page](#) is updated continually so you can find critical information in one place. It has a section on mandatory face masks bylaws/directives for municipal governments considering similar bylaws. Send any of your municipally related pandemic questions to covid19@amo.on.ca.

Did you know AMO has a policy intern? Check out the [LAS blog](#) to read about her experience during a very unconventional summer.

Provincial Matters

The Government of Ontario is making \$8 million available for small business and registered charities struggling to pay their energy bills (natural gas and electricity). The COVID-19 Energy Assistance Program for Small Business provides a one time, on-bill credit to help catch up on energy bills and resume regular payments. To apply for funding, customers should contact their energy provider. For more information, including eligibility requirements and on-bill credit amounts, visit oeb.ca/ceap.

Reg 244/97 - implementing the *Aggregate Resources Act* - has been amended. While these changes do not address concerns raised about below water table extraction and possible impacts on municipal sources of drinking water, other changes are welcomed. These include the requirement to apply for a licence where new below water table extraction is proposed and the ability to object if concerns over a new licence are not satisfied.

Sections of the act pertaining to animal transportation will come into effect on September 2, 2020 (see consultation document). Further consultation is sought on a potential Minister's Regulation at Ontario's Regulatory Registry until October 15, 2020.

Federal Matters

At FCM's request, AMO is providing a link to FCM's Virtual Elections and AGM page where you can find out more about becoming involved with the FCM Board.

Eye on Events

Join AMO's partner, eSCRIBE, and the City of Fort Saskatchewan, AB for a webinar on September 10 or September 15, and learn about the benefits of implementing technology to help manage municipal meetings more effectively.

Back by popular demand, *Land Use Planning: Beyond the Basics* is coming to you virtually. This training provides insight and tools to support your central role in implementing and managing the land use policy framework. Registration details.

On October 22, join AMO and MISA-Ontario for a virtual half-day forum as we explore key aspects of cyber security that elected officials and municipal staff need to know. Stay tuned to AMO channels for further announcements on registration details, speakers, and topics of discussion.

LAS

The Municipal Group Buying Program continues to grow. Our Capital Purchasing offering now has over 120 vendors, with new categories including Firefighting Equipment & PPE, Airport Equipment, and Technology Solutions. Download the guide here, or contact us for more information.

Due to COVID-19 the province has extended the deadline for reporting your 2018 energy consumption and emissions under O.Reg. 507/18 to October 1, 2020. The popular LAS Energy Planning Tool was designed to make this process as easy as possible. Contact Tanner for more information.

Careers

Economic Development Officer - County of Huron. Position Status: Full Time. Travel is required for this role. Please note the Submission Guidelines in the job posting. Forward your letter of application and resume by 4:30 pm on Sunday, September 13, 2020 to: [humanresources\[at\]huroncounty\[dot\]ca](mailto:humanresources@huroncounty.ca)

About AMO

AMO is a non-profit organization representing almost all of Ontario's 444 municipal governments. AMO supports strong and effective municipal government in Ontario and promotes the value of municipal government as a vital and essential component of Ontario's and Canada's political system. Subject: Complaint Submission

Thanks for your suggestion and the email list Brett.

I have submitted a version of the following complaint to the CAO via the on-line process and I have resent it to all emails provided. If you wish, please feel free to reuse and/or edit this to reflect your personal concerns and ideas.

FYI: Meeting dates that create an urgency for all responses:

- Sept 8th - Durham planning and economic committee
- Sept 10th - Durham Social Services meeting
- Sept 12th - Durham homeless advisory committee
- Sept 14th - Brock Council public statutory meeting 6:30 PM
- Sept 30th - Regional council meeting

Beaverton Housing Project Complaint

Please reconsider your supportive housing options within Durham, and commit to a feasibility study that reflects responsible urban planning and economic development for the Beaverton community.

The Beaverton housing project is not programmed for success for the following reasons:

- Adding 50 homeless units in Beaverton (population of 2800) creates an untenable homeless ratio of almost 2% - increasing community risks beyond that of any similar shelter in Canada. The homeless ratio to the general population in Toronto is about .04%.
- Reputable and stable social, health and police services in our community need to be established BEFORE this housing development is built. Hoping to establish these services in the future is not evidence-based planning or best practice.
- Beaverton offers limited to no opportunities for local employment to support a productive transition for the residents.
- Costs to serve this small group must not be a burden on local taxpayers. Brock taxes are already amongst the highest in Ontario.
- There is no evidence in Canada that a 50-bed residence can be successful in a small rural community. Evidence does exist that successful programs in urban centers like Ottawa and Saskatoon were built to support under 25 residents!
- If a smaller project can be justified, Brock residents must be given priority access to these residences.

A Durham Covid 'camp' program for a few months that removed some affected candidates from Oshawa city 'distractions' is NOT sufficient justification for a permanent 50-person residence in a small rural community!

Resolution requested:

Please reconsider your supportive housing options within Durham, and commit to a feasibility study that reflects responsible urban planning and economic development for the Beaverton community.

There's also a formal complaint process on Durham's web site we can use to send our complaints to the CAO and Chair as well as departments. Based on their corporate policy they're required to respond to complaints within 5 business days. It might be a good idea to flood the complaint site as well as other communication methods

Notice of Decision of Committee of Adjustment with reasons re: Application for Minor Variance – s. 45(1)

Name of Committee:	Brock Township Committee of Adjustment
Name of Applicant / Agent:	Daniel Holub
Address of Applicant / Agent:	B189 Cedar Beach Road, Beaverton ON L0K 1A0
Location of Property:	B189 Cedar Beach Road, Beaverton ON L0K 1A0
Purpose of Application:	Require relief from clause 7g of Zoning By-law 287-78-PL to allow for a 0.7m set-back instead of the required 1.2m set-back.
Effect of Application:	The effect of the application is to permit the construction of a separate entrance to the basement of the existing home.

WE, the undersigned, in making the decision upon this application, have considered whether or not the variance requested was minor and desirable for the appropriate development or use of the land, building or structure, and that the general intent and purpose of the zoning by-law and the official plan will be maintained or, in the case of a change in a use of property which is lawfully non-conforming under the by-law, as to whether or not this application has met the requirements of subsection 45 (2) of the *Planning Act*, concur in the following decision and reasons for decision made on the 18th day of August, 2020.

DECISION: That Minor Variance Application File No. A-7/20 HOLUB as made by Daniel Holub be approved.

CONDITIONS:

REASONS FOR DECISION: The proposed use is considered minor in nature, within the general intent and purpose of the Zoning By-law, within the general intent and purpose of the Official Plan and is desirable in the opinion of the Committee.

Appeal - The last date for filing a notice of appeal of this decision is **September 8, 2020**. If the last day for appeal falls on a holiday, appeals may be filed on the following day that is not a holiday. Any such appeal must be filed with the secretary-treasurer of the committee and must set out the objection to the decision and the reasons in support of the objection and must be accompanied by the fee required by the Local Planning Appeal Tribunal. The Local Planning Appeal Tribunal has provided "Appellant Form (A1)" to be used for this purpose, and this form is available from the secretary-treasurer of the committee or from the Local Planning Appeal Tribunal website www.omb.gov.on.ca.

Person - appeal limitation - Only individuals, corporations and public bodies may appeal decisions in respect of an application for a minor variance or permission to the Local Planning Appeal Tribunal. A notice of appeal may not be filed by an unincorporated association or group. However, a notice of appeal may be filed in the name of an individual who is a member of the association or group on its behalf.

OTHER APPLICATIONS - If known, indicate if the subject land is the subject of an application under the Act for:

- | | | |
|---|---|--|
| <input type="checkbox"/> Approval of a plan of subdivision (under section 51) | File No. | Status |
| <input type="checkbox"/> Consent (under section 53) | File No. LD | Status |
| <input type="checkbox"/> Previous application (under section 45) | File No. | Status |

Signatures of Members: Due to the COVID-19 Pandemic, Committee of Adjustment hearings are being held in a Virtual Format. The members were polled to confirm their agreement with the decision on this application. The Secretary-Treasurer's signature below represents the Committee's agreement with the above noted decision.

CERTIFICATION:

I, Debbie VandenaKker, Secretary-Treasurer for the Township of Brock Committee of Adjustment, certify that the information included herein is a true copy of the decision of the Committee with respect to the application recorded therein.

Dated this 24th day of August, 2020.

Signature of Secretary-Treasurer

Personal information contained on this form, collected pursuant to the *Planning Act*, will be used for the purposes of that Act. Questions should be directed to the Freedom of Information and Privacy Coordinator at the institution conducting the procedures under the Act.

FCM NEWS | September 8, 2020

FCM VOICE

Canada's voice of local government

***Important* changes to our Asset management grants for municipalities**

FCM's Municipal Asset Management Program (MAMP) has received an exceptional number of applications for its Asset management grants for municipalities over the past three months.

To ensure that we continue our evaluations and funding approvals process to our high standards of quality, we are adjusting our call for application process. These adjustments do not impact applications that have already been submitted or projects already approved for funding.

During the first phase, we will continue to accept applications until **midnight ET, September 22, 2020**. The second phase to submit an application will begin on January 19, 2021. We thank all current and future applicants for their interest and for the overwhelming response to this current call for applications.

If your municipality is currently developing an application, please **apply by September 22, 2020**.

We continue to offer training and resources to help your municipality on its asset management journey.

▶ LEARN MORE ABOUT OUR RESOURCES AND TRAINING

The Asset management grants for municipalities is offered through the Municipal Asset Management Program (MAMP), which is delivered by the Federation of Canadian Municipalities and funded by the Government of Canada. Since 2017, MAMP has funded more than 669 local asset management projects in communities across Canada. The Government of Canada renewed its federal investment through Budget 2019 and committed an additional \$60 million to the program.

EVENTS

2020 virtual election: last week to register as voter

FCM's first-ever virtual **Board elections and annual general meeting** are happening this fall. To register, simply fill out and submit your **voter registration form**. As member, this is your chance to democratically shape the Board of Directors for the national voice of Canadian local government. Remember, only those who have registered may vote in this process.

- ▶ DON'T RISK MISSING THE REGISTRATION DEADLINE! REGISTER AS A VOTER BEFORE SEPTEMBER 11.**
- ▶ GET TO KNOW YOUR TABLE OFFICER AND DIRECTOR CANDIDATES BY SUBSCRIBING THEIR WEBINARS.**

RESOURCES

How Ottawa found major energy savings with Beaver Barracks

When redeveloping a former military barracks to address demand for affordable housing, the City of Ottawa included several innovative sustainability features and technologies. The Beaver Barracks project, funded in part by FCM’s Green Municipal Fund, integrated measures such as geothermal heating, a green roof, high-performance windows and an energy recovery ventilator to deliver significant reductions in energy consumption.

CORPORATE SPONSOR

Emerson-Franklin’s Journey Through the FCM Readiness Scale

The Municipality of Emerson-Franklin was able to advance through the Readiness Scale by leveraging the MAMP funding. Partnering with MuniSight helped the municipality organize, build, and deliver a higher level of transparency to council and residents, building a sustainable asset management foundation. This project helped pave the way for a more proactive asset management strategy.

FCM urges rapid housing solutions amid pandemic

As the COVID-19 pandemic compounds Canada’s ongoing housing crisis, the Federation of Canadian Municipalities (FCM) is proposing a federal initiative and partnership to rapidly repurpose on-sale private buildings as permanent, non-profit housing for vulnerable Canadians.

“We’ve seen vulnerable people leaving crowded shelters to stay physically distant on the streets or in tent encampments,” said FCM President Bill Karsten. “To keep more people safer, municipalities have responded by leasing motels and repurposing arenas as costly safe shelters. But we urgently need more sustainable housing solutions for vulnerable Canadians—and we’re ready to work with the federal government to do what it takes to get them housed as fast we can.”

FCM is proposing a federal initiative and partnership to help non-profit community housing providers rapidly acquire, renovate and retrofit two kinds of buildings:

- *Buildings to convert to deeply affordable and supportive housing*—for vulnerable Canadians at risk of homelessness, including those living with mental illness and

substance use disorder.

- *Existing moderate-rent residential buildings*—so community providers can protect those rent levels for tenants, instead of leaving buildings to private investors who may push rents higher.

The Canada Mortgage and Housing Corporation forecasts that a range of suitable buildings will be coming up for sale at reduced prices. These will likely include distressed multi-unit residential buildings, hotels/motels facing depressed travel and tourism, and commercial buildings where tenants are closing shop or going “virtual.” Acquiring and retrofitting existing buildings is much faster and cheaper than building new affordable housing.

To seize this moment, governments must act swiftly, decisively and together. Communities urgently need additional permanent supportive housing to replace costly temporary shelters. That urgency is compounded by the approach of winter, flu season and a possible second wave of COVID-19. And private investors will be looking to buy many of the same properties, often seeking to increase residential rents or turn buildings to non-housing uses.

“This federal-municipal partnership can make a profound difference in people’s lives,” said Karsten. “By bringing more supportive housing online, we’ll be sending a lifeline to vulnerable Canadians when they need it most. We’ll be getting a running start toward ending chronic homelessness. And by replacing costly shelters with permanent housing, we’ll be laying a foundation for the fuller progress on housing affordability we’ll need to drive as part of Canada’s post-COVID recovery.”

URGENT: FCM voter registration deadline extended

Dear [NAME]

We've extended the deadline to **REGISTER TO VOTE** in FCM's virtual Board elections and AGM.

The deadline is now **September 18** at 11:59pm ET

Because of the COVID-19 pandemic, this is our first-ever virtual election and AGM. **You are eligible to participate** in this democratic process because you sit on an FCM member municipality council. Registration is free and takes less than five minutes to complete. *If you don't register, you can't vote.*

REGISTER NOW!

These are the key dates in our election process:

Voter registration: Closes September 18

Table Officer candidate speech webinars: [September 17](#) (with a Q&A) and [September 28](#)

Table Officer election: September 28-30

Director candidate speech webinar: [October 5](#)

Director election: October 5-7

AGM: October 15

This democratic process is a chance to **[make your voice heard](#)** at a national level.

Please read your FCM emails and watch our [website](#) for more information. If you have any questions, connect with us at elections@fcm.ca.

Thank you,

The FCM Election Team
