Get Involved! Share your Ideas about Recreation in Brock!

Dear Community Organization,

The Township of Brock is undertaking a **Recreation Master Plan** to ensure that the provision and management of recreation facilities, programs, and services continue to meet the needs of residents and community organizations. Through input provided by groups such as yours, the Plan will provide direction for decision-making and policy development.

Your organization's input is very important to this initiative. We have prepared a brief questionnaire for you to complete on behalf of your group (see attached). **We will not know what your organization's current and future needs are unless we hear from you!**

We ask that you complete the questionnaire and return it to the Township on or before **May 15, 2012** by mail, fax, email, or directly to the Township Office. If you have received this survey as a paper copy and would prefer a digital copy that you can complete on your computer, please contact me with your email address.

In addition, up to 2 representatives from your organization are invited to attend a **Community Search Conference** at Cannington Community Centre (91 Elliot Street, Cannington) on **May 10, 2012** from 6 pm to 8 pm. The Search Conference will allow stakeholders to identify strengths, weaknesses, and opportunities related to parks and recreation through creative brainstorming and active participation. **Please confirm your attendance** with Mr. Nick Colucci, Director of Public Works (contact information below), by May 4, 2012.

Should you have questions regarding the Recreation Master Plan, please contact the undersigned. If you are no longer the primary representative for your organization, we kindly ask that you contact us so that we can update our records.

Thank you for your time and participation.

Yours Truly,

Nick Colucci, P.Eng.

Director of Public Works
Township of Brock
