Sunderland Arena Improvement - Project Fact Sheet

Sunderland Lion's Club

May 9, 2012

- An expanded NHL ice surface (85' x 200') with new dasher boards. The proposed ice plant would support operations from October through March, though this could be extended by upgrading the mechanical equipment at additional cost
- Reconfigured seating (454 seats) along the west side and at the north end of the arena
- An enlarged and improved lobby space
- Additional viewing space in the expanded lobby and west side access corridor.
- Upper level multipurpose rooms, viewing and sound rooms
- Renovated canteen area
- New public washrooms in renovated space inside the existing building
- Six (6) new dressing room addition on the east side of the building
- Renovation of existing dressing rooms for new male and female referee rooms
- A new ice-resurfacing room
- Improved access to the ice surface for larger vehicles
- Preservation of the existing fairground storage space in new construction and within existing renovated space areas
- Allowance for the creation of a possible future interior walking track
